CONTRACT UNSIGNED. Refused a Request for More Money So He Sent Back His Contract.

Eddie Plank, the hero of the final game of last year's world series, when he let New York down with two hits, has returned his contract unsigned to Connie Mack, manager of the champion Athletics. The veteran pitcher was offered the same salary he received last year, but he wants an increase. Connie Mack says he will not grant the request. Mr. Mack added that Plank is a high-priced man and that Plank is a high-priced man and that the club had reached its limit in his salary last year. So far as can be learned, Plank has not threatened to jump the club this year, but has sim-ply asked for an increase. Plank is the only member of the champions who is holding out for more money

The squad will be joined at Tampa by 16 men.

The Cubs are scheduled to play a six-game series with the Philadelphia Athletics and the St. Louis Americans while in Florida.

It is the general belief here that Saturday is a good day for the regatta, as the chances of a big crowd would be better. Saturday in the summer months is a sort of a holiday in the strings in the atting and it would be business in the cities and it would be easier for business men to get away on that day to come here to the races.

In case McGrath does not care to tackle the former Olympic champion the \$100 stand to bind a match with McPhee. Olin, however, would prefer to tackle McGrath first as he says the latter is the big man of the two and there is nothing like taking a fall out of these champions.

Olin states that the \$100 which he is willing to wrestle for, winner to take the entire bunch of coin. Olin, however, is afraid that these conditions are a bit too strenous for McGrath as the latter does not care to wrestle for nothing, w hichhe would be doing if he met Olin, and the Olympic champion will agree to any conditions that McGrath names.

A ball team may have wonderful batters and sensational fielders, but unless the speed is present this squad can't expect to win pennants.

McGraw, the foxy manager of the Glants, insisst on speed above everything else. He is, in fact, the only big league boss who relies on the hits and-run play to the exclusion of the safer sacrifice play. A man who can't run to beat the band has no hope of getting along with Muggsy.

He had a youngster and this tall chap looked like a busher. Errors after errors were made by him. But Mc-Graw overlooked these—he overlooked his mediocre hitting. He saw that the youngster was fast on his feet and wasn't afraid to cut loose. So he decided to hang on to him, believing he could teach him the rest.

Connie Mack is another manager who insists on speed. And he has a fast ball club. President Murphy of the Cubs, figures speed above the rest. England does not propose to allow Jack Johnson to whip any white men in territory over which the English have any jurisdiction or influence. In fact, a great deal of opposition has been aroused by a proposal to match Johnson and Langford before the National Sporting club of London.

England has its little perplexities of a political nature in riding herd over its saddie-colored subjects and seems to think that the spectacle of a black lamming the daylights out-of a white or whites flocking to see the two big crows battling before the leading club would be too much of an inspiration for the colored brethren to go into a clinch with the British governors wherever there might be room for a good national roughhouse.

Smart and Wanamaker put Harvard in the lead. Baker for Princeton evened up the score just before half-time. Princeton's defense was impregnable in the second half, while Kilner and Baker scored again. Finceton and Harvard will play off their tie at New York next Saturday.
